

13mm Compact laminate table tops

polytec's 13mm Compact Laminate table tops range is manufactured using black phenolic kraft paper with a decorative face on both sides, and is the ultimate product for long lasting, high-quality table tops.

Available in a unique range of colours in various finishes, **polytec's** Matt and Smooth 13mm Compact Laminate range is certified antibacterial, easy to clean and stain resistant; the hygienic properties allowing for the perfect surface in commercial and hospitality projects.

Characterised by a distinctive black core, Compact Laminate holds extra appeal on the aesthetic front and as a structurally sound material.

The introduction of Smooth and Woodmatt finishes into **polytec's** Compact Laminate range avails unique new design possibilities for commercial projects.

Overhead cupboard doors **MELAMINE** Tasmanian Oak Woodmatt.

Dark coloured surfaces will show fingerprints and require more care and maintenance than lighter coloured surfaces. It is recommended to test a product sample prior to colour selection. **polytec** swatches and samples represent a small area of the overall colour structure. To view the large colour sample, visit www.polytec.com.au.

The colours and details shown in this brochure are to the highest standards in printing. However, they should only be used as an indication of actual product colour. To order your free colour sample visit www.polytec.com.au.

The use of our current samples gives the colour and finish that a customer would expect to receive. Samples are provided for colour and finish selection and **polytec** recommend testing a sample for fingerprint resistance and ease of cleaning. **polytec** does not guarantee exact colour matches across product ranges due to colour variation in each product group.

Visit www.polytec.com.au for specific care and cleaning information.
