

## Bevel Edge doors

polytec's Bevel Edge profile provides a sleek, seamless looking door reflecting the current kitchen trends by giving a modern, minimalistic appearance without any handle hardware interruption. This will allow for the beauty of the selected finish to be the focus of the kitchen.

### Cross Cut Grain

Boston Oak doors are also available with an optional end grain matching, giving the appearance of a cross cut grain.

COVER IMAGE: Bevel Edge doors in **MELAMINE** Florentine Walnut Woodmatt.  
Doors in **MELAMINE** Empire Oak Woodmatt.

Createc and Venette are a painted product and as with many painted materials, a slight odour may occur when fresh, or if not permitted to air. The products comply with Green Building Council of Australia. Green Star Design & As Built V1.3 – 13.1.2B & 13.2. Green Star Interiors V1.3 – 12.1.2B for emission of VOCs.

Dark coloured surfaces will show fingerprints and require more care and maintenance than lighter coloured surfaces. It is recommended to test a product sample prior to colour selection. **polytec** swatches and samples represent a small area of the overall colour structure. To view the large colour sample, visit [www.polytec.com.au](http://www.polytec.com.au).

The colours and details shown in this brochure are to the highest standards in printing. However, they should only be used as an indication of actual product colour. To order your free colour sample visit [www.polytec.com.au](http://www.polytec.com.au).

The use of our current samples gives the colour and finish that a customer would expect to receive. Samples are provided for colour and finish selection and **polytec** recommend testing a sample for fingerprint resistance and ease of cleaning. **polytec** does not guarantee exact colour matches across product ranges due to colour variation in each product group.

Visit [www.polytec.com.au](http://www.polytec.com.au) for specific care and cleaning information.
